

PRESS RELEASE

9/19/2021

We are ecstatic to announce re-opening to the public as your **Lansing's Home of Live Entertainment** on **Friday, 9/24/2021**. We will be bringing back live entertainment on Friday and Saturday nights.

We are still rebuilding. After our re-opening weekend, Operating hours will be Thursday, Friday and Saturday evenings, and limiting 'Happy Hour' to Fridays. Please be patient as we navigate through this. We will be operating with a smaller staff than usual. We are continually attempting to rebuild and train our new team.

We will be going above and beyond the suggestions of our local Health Department and MIOSHA mandated guidelines set presently. We will be offering the safest possible environment as we continue to search for ways to bring you some normalcies that you've been missing. The venue has been deep cleaned. The ventilation ductwork has been cleaned and sprayed with an antibacterial sealant. Frequent filter changes will continue to happen. There will be 70+% Alcohol based sanitization dispensers readily available throughout the venue and will we be continuing to clean high touch areas every 3 hours, and sanitizing seating areas between customers with properly rated cleansers that combat SARS-CoV-2 the virus that causes COVID-19.

We suggest that anyone that is still rightly concerned, has an underlying condition, or anyone unvaccinated wear a mask inside the venue. Masks will be readily available at entry doors, and at the bar. Please respect the personal space of employees, musicians, and your fellow patrons.
